"Saw your flyer at the Citycast 503 block party... my feet got tired, so we drove around the forest for fun.. and at 5 we ended up at the zoo, which was just closing for the day! This is Stephanie and Jonathan at the Oregon Zoo at 5:03 on 5/03 in the 503!"

The second year of this community-driven photography zine was made possible by the enthusiasm and creativity of residents across the 503 area code. Thank you to everyone who picked up their camera on May 3rd and captured a slice of life at 5:03 AM or PM.

Your candid shots, artistic eyes, and willingness to freeze these fleeting moments have resulted in yet another vibrant, diverse collection.
